

# KEY ISSUES FROM THE COMMUNITY DROP-IN AND STAKEHOLDER CONSULTATION

## Communications

Key Issues	Details	Evidence	Options		Comments	Action
			Policy Yes/No	Community Action Yes/No		
<b>Broadband</b>	<p>Reasonable broadband</p> <p>Super-fast would be very useful for the self-employed</p> <p>Broadband very important for businesses</p> <p>Need fibre!! To the premises!!</p> <p>Poor patchy internet connection - Internet vital for growth</p> <p>Would be nice to have: more reliable fibre internet to all parts of the village</p> <p>Encourage broadband</p>	<p>Survey of broadband speed across different locations in village throughout day being carried out.</p> <p>Suppliers and average speed available at: <a href="http://www.broadbandchoices.co.uk">www.broadbandchoices.co.uk</a></p>	Yes		<p>Dunton Bassett is part of the Leire Exchange Broadband Action Group (LEBAG). Dunton has been part of the Superfast Leicestershire broadband initiative which has installed fibre into the village but local connection is still via copper cable so speeds may depend on distance from cabinet.</p> <p>Average download speeds up to 80Mb/s are currently available from some suppliers.</p> <p>Direct fibre</p>	Explore through Questionnaire

	development				connections could in the future enable connection speeds to 1Gb/s	
<b>Mobile Signal</b>	Improve mobile coverage	<a href="https://www.broadbandchoices.co.uk/guides/mobile/mobile-coverage">https://www.broadbandchoices.co.uk/guides/mobile/mobile-coverage</a>	Yes		Coverage and reliability varies with provider. O2, Vodaphone & BT offer good service although there can be seasonal variation due to tree foliage. There is also 4G coverage.	Explore through Questionnaire
