

News update

We have been carrying out a number of vehicle stop checks in the area. We seized one vehicle again in Broughton Astley for having no road tax and issued four TORs (Traffic Offence Reports) in the last month to drivers of vehicles who were not wearing seat belts.

We will also be carrying out a 'Fatal 4' exercise in the area over the next few weeks. This exercise focuses on highlighting the dangers for motorists who travel at excessive speed, don't wear a seatbelt, drink and drive and drive whilst using their mobile phone.

The name of the event stems from the four factors being the most common cause of road accidents. We urge everyone to stay within the required speed limit, don't use your phone whilst in the car, always wear a seatbelt and plan travel ahead (i.e. lift share with a friend who isn't drinking or get a taxi)

Church Watch

PCSO Laura Bolton has sent out crime prevention packs to all churches on the Lutterworth and Broughton Astley beats. We have also increased patrols to churches by all officers on your local beats due to lighter nights. Now that the nights are lighter if you see any suspicious vehicles or activity around churches please report it to

Broughton Astley Allotments

Our local beat officers have received reports from concerned allotment users about suspicious males loitering around the allotments for prolonged period of time and then approaching people asking for free vegetables. We have provided additional security advice and leaflets to allotment users and increased our patrols in the area.

As the weather improves and people spend more time in the garden and on their allotments, opportunist thieves are more likely to strike. A burglar will usually try a shed or garage first because they can find the tools they need to get into a house. Get a good padlock with no exposed screws.

- Keep it locked at all times.
- Pay attention to hinges
- Secure windows with wire mesh or grills
